

St Hilda, an abbess of 7th Century England, was committed to the promotion of the arts amongst those she served. We of St Hilda's Katoomba find joy in all God's gifts to us, so are keen to encourage the arts in our community. Our God has blessed us with great beauty in this part of the world and we are thankful to him for all his provision.

If we as a church can be of any help to you to discover more of God's great love please don't hesitate to contact us. We run a Christianity Explained course and home groups for those interested. We also run a vibrant youth program and a range of other events. Details are available in the church foyer.
